SENATE BILL

No. 234

**Introduced by Senator Wyland
(Coauthor: Senator Romero)**

February 24, 2009

An act to add Section 33543 to the Education Code, relating to curriculum.

LEGISLATIVE COUNSEL'S DIGEST

SB 234, as amended, Wyland. Curriculum: history-social science curriculum framework: oral histories: genocide.

Existing law provides that there is in the state government the Curriculum Development and Supplemental Materials Commission to study problems of courses of study in the schools of the state and, upon request of the State Board of Education, recommend the adoption of minimum standards for courses of study in preschool, kindergarten, elementary, and secondary schools. Existing law also requires the commission to recommend curriculum frameworks to the state board.

This bill would require the commission to consider and vote on whether to include an oral history component specifically related to genocides in the proposed changes to the 2014 history-social science curriculum framework as part of its regular process of developing and revising curriculum frameworks as requested by the state board. *The bill would specify that the oral history component, if included by the commission, would not require the inclusion of oral history materials*

in the frameworks, but instead require the inclusion of a listing of where those materials can be found and how to use them in a history course.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.

The people of the State of California do enact as follows:
